RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

Applicants hereby respond to communication mailed January 22, 2008, requiring election among Group I, II, or III claims and election of species under 37 CFR 121.

Applicants hereby elect to prosecute the Group II claims 20-22 directed to a coated product.

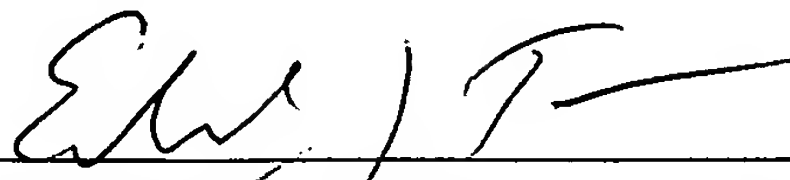

In paragraph 6 of the communication, Applicants also are required to elect a single species from Species 1 or Species 2 that relate to CVD methods.

Although this species election is not deemed pertinent to the elected Group II claims 20-23 to the coated product, Applicants elect Species 1. The elected Group II claims 20-23 are believed to read on the elected Species 1. Applicants respectfully request that the examiner reconsider and rejoin the non-elected Species 2 once a generic claim is held allowable.
